

**UK STEM CELL BANK**  
**9<sup>th</sup> Technical Forum 30<sup>th</sup> May 2014, at**  
**National Institute for Biological Standards and Control**  
**South Mimms, Potters Bar, Herts.**

Purpose of the forum:

The UKSCB technical forums are run to provide a platform for bench scientists to exchange views and discuss topics relevant to their areas of work. They act as a place to network and facilitate informal discussion which will be of value to the individual scientist and promote best practice in the field of standardisation science.
