CERTIFICATE

This is to certify that the **human induced pluripotent stem cell line (CIRMi242-A)** has been registered in the European Human Pluripotent Stem Cell Registry (hPSCreg[®]):
<https://hpscereg.eu/cell-line/CIRMi242-A>

Type of cell line	Human induced pluripotent stem cell		
hPSCreg [®] ID	CIRMi242-A		
Other name(s)	CW80012		
Generating institution	California Institute for Regenerative Medicine		
Derivation country	United States		
Associated disease	Dyskinesia	With	Orofacial
	Involvement		
Evidence of pluripotency	Yes		
Evidence for ethical provenance provided	Yes		

The registered information provides evidence that:

- the ethical provenance of the above mentioned cell line has been established and complies to the rules set by the European Commission for funding of research with human pluripotent stem cells.
- the donation of biological material was not influenced by undue pressure.
