# CERTIFICATE

This is to certify that the **human induced pluripotent stem cell line (HMGUi001-A-43)** has been registered in the European Human Pluripotent Stem Cell Registry (hPSCreg®):  
<https://hpscrag.eu/cell-line/HMGUi001-A-43>

Type of cell line  
hPSCreg® ID  
Other name(s)

Human induced pluripotent stem cell  
HMGUi001-A-43  
hINS-T2A-H2B-Cherry (-/-), hiPSC-  
INS-T2A-H2B-Cherry reporter, IN-  
SCherry/Cherry

Generating institution

Helmholtz Zentrum München  
- Institute of Diabetes and  
Regeneration Research

Derivation country  
Associated disease

Germany

Evidence of pluripotency

No

Evidence for ethical provenance provided

Yes

Yes

## The registered information provides evidence that:

- the ethical provenance of the above mentioned cell line has been established and complies to the rules set by the European Commission for funding of research with human pluripotent stem cells.
- the donation of biological material was not influenced by undue pressure.
