CERTIFICATE

This is to certify that the **human induced pluripotent stem cell line (EDi001-A-1)** has been registered in the European Human Pluripotent Stem Cell Registry (hPSCreg®):
<https://hpscrag.eu/cell-line/EDi001-A-1>

Type of cell line
hPSCreg® ID
Other name(s)
Generating institution

Human induced pluripotent stem cell
EDi001-A-1
AST22-C, AST23-C
College of Medicine and Veterinary
Medicine

Derivation country
Associated disease
Evidence of pluripotency
Evidence for ethical provenance provided

United States
Parkinson Disease
Yes
Yes

The registered information provides evidence that:

- the ethical provenance of the above mentioned cell line has been established and complies to the rules set by the European Commission for funding of research with human pluripotent stem cells.
- the donation of biological material was not influenced by undue pressure.
