# CERTIFICATE

This is to certify that the **human induced pluripotent stem cell line (BIORTCi001-A)** has been registered in the European Human Pluripotent Stem Cell Registry (hPSCreg<sup>®</sup>):  
<https://hpscrag.eu/cell-line/BIORTCi001-A>

Type of cell line	Human induced pluripotent stem cell
hPSCreg <sup>®</sup> ID	BIORTCi001-A
Other name(s)	BAiPSC 000, OSTiFGM2
Generating institution	Biomedical Science Research and Training Centre
Derivation country	Nigeria
Associated disease	No
Evidence of pluripotency	Yes
Evidence for ethical provenance provided	Yes

**This certificate should not be shared without explicit authorization of hPSCreg.**

## The registered information provides evidence that:

- the ethical provenance of the above mentioned cell line has been established and complies to the rules set by the European Commission for funding of research with human pluripotent stem cells.
- the donation of biological material was not influenced by undue pressure.
