CERTIFICATE

This is to certify that the **human induced pluripotent stem cell line (SIGi001-A-8)** has been registered in the European Human Pluripotent Stem Cell Registry (hPSCreg®):

<https://hpscereg.eu/cell-line/SIGi001-A-8>

Type of cell line
hPSCreg® ID
Other name(s)

Human induced pluripotent stem cell
SIGi001-A-8

iPSC0028 MAPT
P301S+Ex10+16/Clone 7D11A7

Generating institution

Sigma-Aldrich

Derivation country

Unknown

Associated disease

No

Evidence of pluripotency

Yes

Evidence for ethical provenance provided

Yes

The registered information provides evidence that:

- the ethical provenance of the above mentioned cell line has been established and complies to the rules set by the European Commission for funding of research with human pluripotent stem cells.
- the donation of biological material was not influenced by undue pressure.
