# CERTIFICATE

This is to certify that the **human induced pluripotent stem cell line (DRICUi010-A)** has been registered in the European Human Pluripotent Stem Cell Registry (hPSCreg®):  
<https://hpscrag.eu/cell-line/DRICUi010-A>

Type of cell line  
hPSCreg® ID  
Other name(s)  
Generating institution

Human induced pluripotent stem cell  
DRICUi010-A

BS38A10004A

UK Dementia Research Institute,  
Cardiff University  
United Kingdom

Derivation country  
Associated disease  
Evidence of pluripotency  
Evidence for ethical provenance provided

Late-onset Alzheimers Disease

Yes

Yes

## The registered information provides evidence that:

- the ethical provenance of the above mentioned cell line has been established and complies to the rules set by the European Commission for funding of research with human pluripotent stem cells.
- the donation of biological material was not influenced by undue pressure.
