

IBMS-iPSC-081-01_P20/P13

No. of Cells Counted: 20

No. of Cells Analyzed: 7

No. of Cells Karyotyped: 2

G-banding Karyotype: 46,XX

Banding Resolution: 500-band level

DESCRIPTION: 6-14-2023

No abnormality was found in this study of G-banded chromosomes prepared from induced pluripotent stem cells of passage 20(P20/P13). The karyotype is consistent with that of a female complement.
